

## New Behaviour Management System – Updated January 2020

In September 2019 the Academy implemented a new behaviour management system. Students who are issued with a teacher referral (Previously a green slip) were given sanctions on a progressive scale. These sanctions will be consistent throughout all subjects at the Academy.

Parents/Guardians are made aware of any sanction issued via an email that will be sent home. Each time a referral is issued the information should be recorded in student planners.

As a guide the following is a basic outline of our new **(updated)** system, and the minimum sanctions imposed will be;

**Referral 1 – Warning**

**Referral 2 – Departmental Lunch detention**

**Referral 3 – Departmental Lunch detention**

**Referral 4 – After school detention**

**Referral 5 – After school detention and 1-week separation**

**Referral 6 – After school detention and 2-week separation**

**Referral 7 and all referrals after – As referral 6.**

It is important to remind ourselves here that the behaviour of our students on the whole is at least good and hopefully for the vast majority the above information is just that, for information only.

**Mr Inman**
