

Instructions for registering a SIMS Parent/Student account with an external provider.

You will shortly receive an invitation to register for a SIMS Parent/Student account. There two ways to register, (1) using SIMS ID, (2) using an external provider. We strongly advise you to choose **external provider** if you can. This means that you can use an existing account to authenticate your login to SIMS Parent. To do this you must have an account with Apple, Facebook, Google, Microsoft or Twitter.

Important: Please **do not** click on the green “Accept Invitation” button unless you wish to use SIMS ID. When you receive your invitation email, it will look something like this...

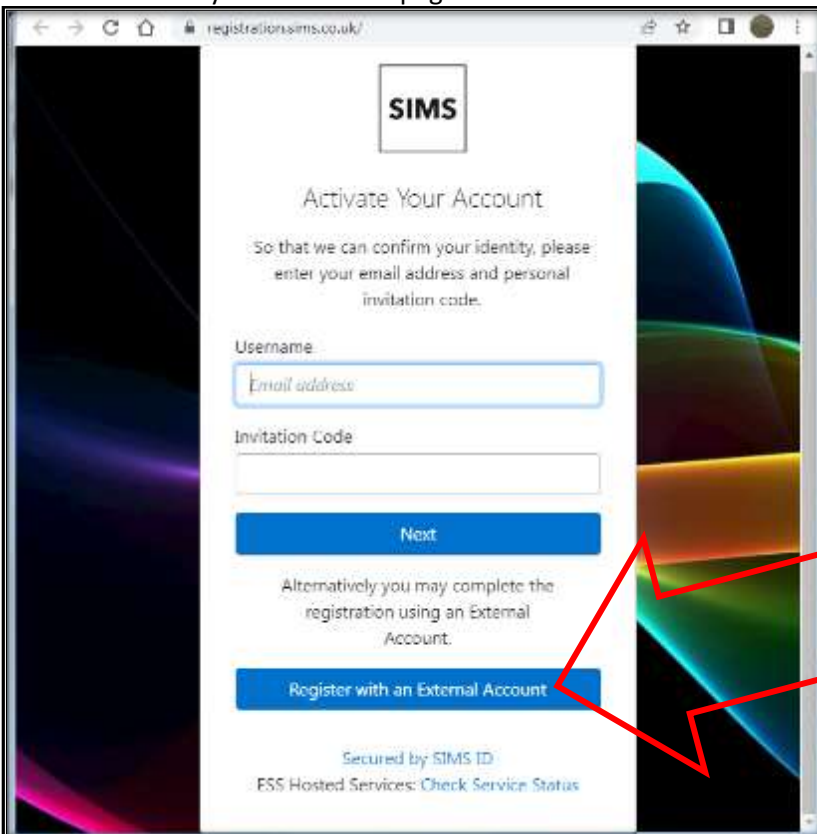

Take a note of the “invite code” you will need this later.

IMPORTANT

Do not click on the green “Accept Invitation” button.

Instead, click on the web link <https://registration.sims.co.uk>

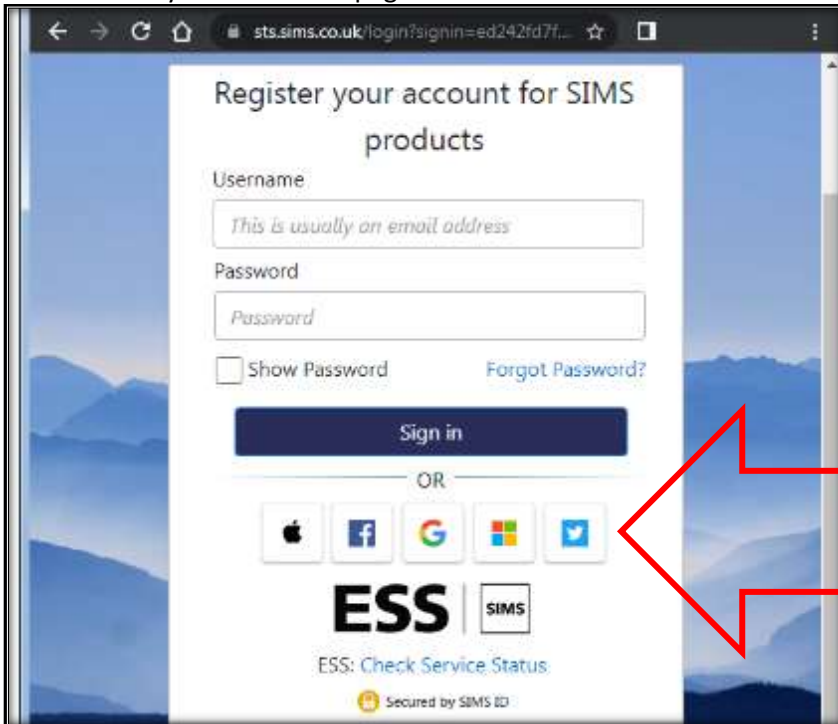

The link will take you to this web page...

Do not enter any information on this web page. Select “Register with an External Account”

Register with an External Account

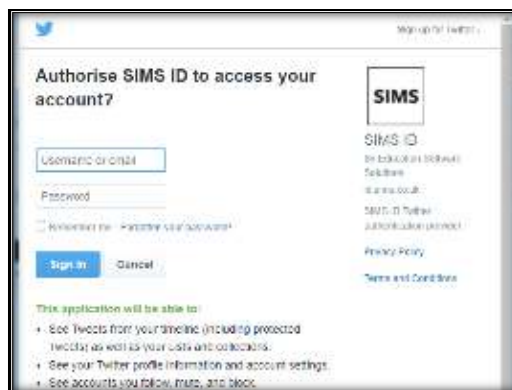

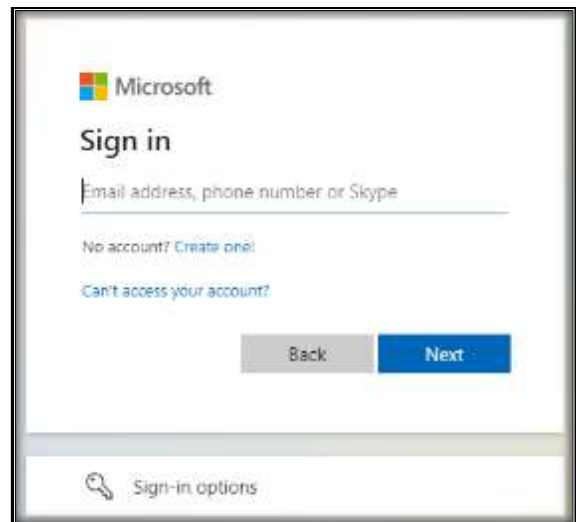

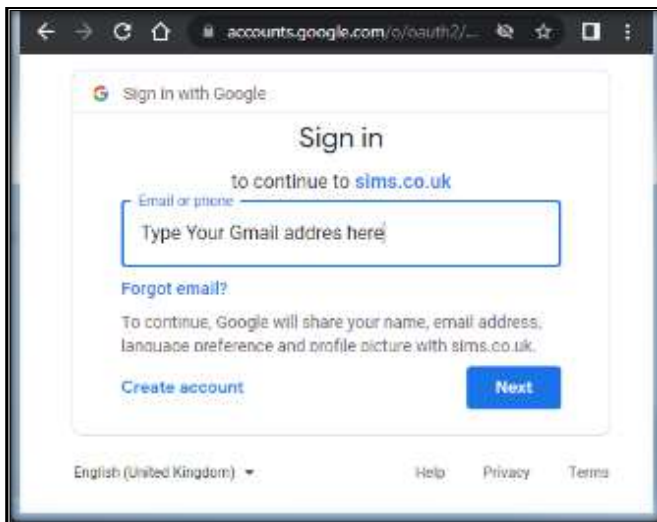

This will take you to the next page...

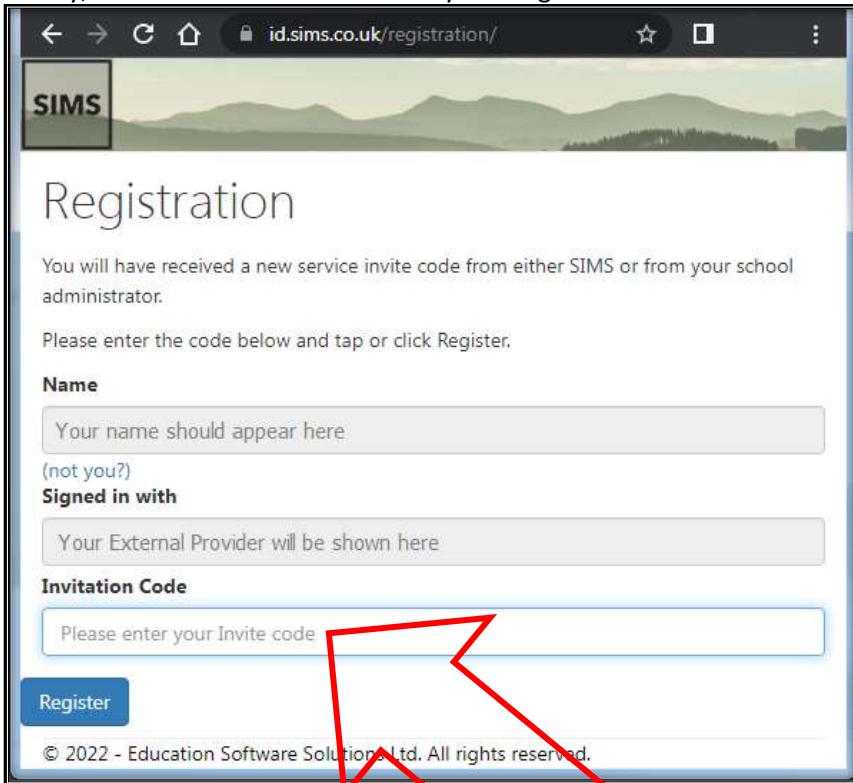

Do not enter any information on this web page. Select one of the External Provider buttons...

You will then be asked to sign into your chosen External Provider...

Finally, insert the "invite code" from your original email.

The screenshot shows a web browser window with the URL `id.sims.co.uk/registration/`. The page header features the SIMS logo and a landscape image. The main heading is "Registration". Below the heading, there is a message: "You will have received a new service invite code from either SIMS or from your school administrator. Please enter the code below and tap or click Register." The form contains three input fields: "Name" (placeholder: "Your name should appear here"), "Signed in with" (placeholder: "Your External Provider will be shown here"), and "Invitation Code" (placeholder: "Please enter your Invite code"). A blue "Register" button is located below the "Invitation Code" field. A red arrow points from the "Invitation Code" field down to the "Register" button. At the bottom of the page, there is a copyright notice: "© 2022 - Education Software Solutions Ltd. All rights reserved."

And, you're done.

You have now linked your SIMS Parent/Student login to the username & password of your preferred external provider. You can sign in to the parent app via a web browser or you can download an APP from the Google Play or the Apple App Store.
