**GOVERNORS' REPORT**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

The governors present their annual report together with the financial statements and auditors' report of the charitable company for the year 1 September 2024 to 31 August 2025. The annual report serves the purposes of both a governors' report and a directors' report under company law.

The Trust trades under the name Branston Community Academy and operates a school for pupils aged 11 to 18 plus community-focussed nursery and gym facilities serving a catchment area south and east of Lincoln. The school has a pupil capacity of 1,250 as stated in its Funding Agreement (revised during 2018) and had a roll of 1,141 in the Autumn 2024 school census (1,165 in Autumn 2024).

**Structure, governance and management**

**a. Constitution**

The Academy is a charitable company limited by guarantee and an exempt charity regulated by the Department for Education (DfE).

The charitable company's Memorandum of Association is the primary governing document of the Academy.

The governors of Branston Academy Trust are also the directors of the charitable company for the purposes of company law.

The charitable company is known as Branston Community Academy.

Details of the governors who served during the year, and to the date these accounts are approved are included in the Reference and administrative details on page 1.

**b. Members' liability**

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

**c. Trustees' indemnities**

Qualifying third party indemnity provision has been obtained by the Academy for the benefit of the governors.

**d. Method of recruitment and appointment or election of governors**

The management of the Academy is the responsibility of the governors who are elected and co-opted under the terms of the Memorandum of Association.

The Academy must have at least three trustees and there is no maximum number set out in the Articles of Association. Up to 17 trustees may be appointed by ordinary resolution of the members and a minimum of two parent trustees should be elected or appointed. All Trustees are appointed for four years and may be re-elected or re-appointed.

**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**Structure, governance and management (continued)**

**e. Policies adopted for the induction and training of governors**

There is a core of long-standing, highly experienced governors and normally very low turnover. All governors are provided with copies of policies, procedures, minutes, accounts, budgets, plans and other documents they need to fulfil their roles.

Induction is tailored specifically to the needs of the individual, for example one to one mentoring sessions for new governors. There was whole governing body training on exclusions, carried out by the local authority in September 2024. Governors access online training via the National Governance Association, including safeguarding and Keeping Children Safe in Education. Some governors also completed cyber security training. A skills audit is carried out annually. The Academy uses GovernorHub, an online system for communicating with governors, including the circulation of agendas and reports.

**f. Organisational structure**

The Governors are responsible for setting general policy, adopting an annual plan and budget, ensuring funding is spent in line with any restrictions, monitoring the Academy by the use of budgets and making major decisions about the direction of the Academy, capital expenditure and senior staff appointments. There are three main committees – Finance, Resources and Staffing, Curriculum and Standards and the Governors Standing Committee. The Standing Committee currently has six members - the Chair and Vice-Chair of the governing body, the Chairs and Vice-Chairs of Finance and Curriculum and Standards, plus an elected member. It has delegated powers to act on behalf of any committee of the full Governing Body. From September 2025, the Standing Committee has meetings provisionally scheduled if required. There is also a Personnel Committee.

As at 31 August 2025, the senior management team comprised the Principal and four Vice-Principals. These managers control the Academy at an executive level, implementing the policies laid down by the Governors and reporting back to them. The Principal is the Accounting Officer and the Business Manager is the Chief Finance Officer. Other managers include the Administration Manager and IT Systems Manager. Heads of department are responsible for the authorisation of spending within agreed budgets, but limits have been set in the Financial Regulations. A detailed Scheme of Delegation has been agreed by the governing body and sets out the responsibilities and delegated authority of relevant individuals.

**g. Arrangements for setting pay and remuneration of key management personnel**

The Personnel Committee is responsible for reviewing and setting the pay of key management personnel on an annual basis. Criteria taken into account are performance management, the appropriate pay scales and the need to recruit and retain appropriately qualified and experienced staff.

**h. Related parties and other connected charities and organisations**

Branston Community Academy is a member of the Lincolnshire School Centred Initial Teacher Training (SCITT), a partnership of schools across Lincolnshire and surrounding counties working collaboratively to recruit and train teachers.

**Objectives and activities**

---

**BRANSTON ACADEMY TRUST  
(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)  
FOR THE YEAR ENDED 31 AUGUST 2025**

---

**Objectives and activities (continued)**

**a. Objects and aims**

The principal object and activity of the Academy Trust is to provide education for students of all abilities between the ages of 11 and 19.

The main objectives of Branston Academy Trust as set out in the articles of association and funding agreement are:

- to ensure that every student receives the same high quality education
- to raise the standard of educational achievement for all of our students
- to improve the educational provision of the Academy by keeping the curriculum and all operations of the Academy under constant review
- to provide value for money on the spending of public money
- to comply with all appropriate statutory and curriculum requirements
- to maintain links with the wider community including through our on-site community provision and to provide recreation and leisure facilities in the interests of social cohesion and the wider community.
- to conduct Branston Community Academy business in accordance with the highest standards of integrity, probity and openness
- to work with other educational providers to advance the quality of education across the City of Lincoln and its surrounding area.

**b. Objectives, strategies and activities**

Branston Community Academy is a place of learning where the principal objective is to provide high academic standards which are complemented and supported by first class pastoral care and guidance.

We promote values that support the achievement of that vision – kindness, respect, aspiration, resilience and community.

The curriculum strategy recognises that the Academy serves an intake that mirrors the national average profile. As a result, we need a curriculum that meets the needs of those requiring a traditional academic experience and other young people who need a curriculum that has a rich applied component.

**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**Objectives and activities (continued)**

**c. Public benefit**

In setting objectives and planning for activities, the governors have given due consideration to general guidance published by the Charity Commission relating to public benefit, including the guidance 'Public benefit: running a charity (PB2)'. The core business activity of the Trust is providing secondary education for the public benefit in the south Lincoln area.

An admissions policy is reviewed and published annually. These arrangements are determined in line with the School Admissions Code.

In addition, the Academy Trust provides community nursery, library, swimming and gym facilities for recreational purposes in the interests of social welfare and improving the life of the local community. Academy facilities are available to hire outside school hours and regular users have included local children's football clubs, netball, badminton, kick-boxing, dance, cricket and yoga groups. We are currently a Nottingham Forest Netball Hub. The Academy site has hosted charity and community arts events, both during and outside school hours. There is a programme of swimming lessons during term-time run in-house and the Academy's minibus is regularly hired by a local school and scout groups.

Students also raise money for charity on a regular basis. Beneficiaries during the year were Children in Need, Comic Relief, Macmillan Cancer Support, Cancer Research, MIND, the Alzheimers Society and Branston Foodbank.

**d. Equality**

The policy of the Academy is to support recruitment and retention of students and employees with disabilities. The Academy does this by adapting the physical environment when required, by making support resources available and through training and career development. Door widths are adequate to enable wheelchair access to all the main areas of the Academy and several disabled toilets are installed. The governors recognise that equal opportunities should be an integral part of good practice within the workplace. The Academy aims to establish equal opportunity in all areas of its activities including creating a working environment in which the contributions and needs of all people are fully valued. There are passenger lifts in the RE Block and Science Block.

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

### **Achievements and performance**

#### **a. Key performance indicators**

##### **Student Achievement**

The key performance indicator for Branston Community Academy is student achievement as this is the core purpose of the enterprise. Young people progress well by the end of compulsory education in both traditional and vocational courses.

The principal performance indicator of Progress 8 is unavailable for Summer 2025 results due to the disruption of COVID when these students were in KS2. As an alternative, our Attainment 8 score was 4.4 (against a national average of 4.5).

While this is a progress indicator, the next two most important indicators are attainment based (raw scores) and are:

- Proportion of students achieving at least a grade 5 in English and Maths
- Proportion of students achieving a pass grade in all English Baccalaureate (EBacc) courses ie English, Maths, Science, Languages and a Humanities (Geography or History)

In 2024 (estimates of external examinations):

- Proportion of students achieving grade 5+ in English and Maths at Branston Community Academy = 42% (national average 47%)
- Average point score in EBacc suite at Branston Community Academy = 4.2 (national average 4.6)

In comparison, external examination results for 2023 were:

- Proportion of students achieving grade 5+ in English and Maths at Branston Community Academy = 43% (national average 44%)
- Average point score in EBacc suite at Branston Community Academy = 4.4 (national average 4.4)

##### **Ofsted Inspection**

In March 2025 Ofsted found that sixth form provision and personal development of students were good. Quality of education, behaviour and attitudes, leadership and management were judged as requiring improvement.

##### **Curriculum and Extra-curricular Activities**

The Academy curriculum pattern is constructed to allow students to follow traditional academic routes or to access one or more vocational options without identifying students in constricted 'pathways'

Our high impact extra-curricular provision includes participation with success in accessing Design scholarships (Arkwright scholars) and being the most successful participant in inter-school sports competition across Lincoln and Gainsborough. This is in addition to many in-school opportunities. Opportunities for students to take on leadership roles have been developed through the introduction of Subject Ambassadors in all subjects. In addition, the Duke of Edinburgh Award has been introduced for students in Y9 and above

##### **Pupil Premium**

This is funding to improve educational outcomes for disadvantaged pupils in state-funded schools in England. It is targeted at students entitled to receive free school meals (FSM) or with looked after status eg currently or previously in local authority care. There is also funding based on the number of pupils whose parents serve, or served, in the armed forces. This is primarily to enable schools to offer pastoral support and help mitigate the negative impact of family mobility or parental deployment.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**Achievements and performance (continued)**

The specifics of Pupil Premium spend are shown in detail on the academy website. A large proportion of our pupil premium allowance has been spent on staff who work closely with students and have an overview of every aspect of students' life in school including learning barriers and funding for personal needs (visits, uniform, extra-curricular lessons etc).

**General Performance Indicators**

The March 2025 Ofsted reported that staff were positive about changes implemented during the year and proud to work at the Academy. They found that most pupils enjoyed attending school.

All staff have regular performance management reviews. Close and effective monitoring of student attendance and student exclusion enables appropriate additional support to be provided for individuals where that is necessary.

**Community Activities**

The Academy is proud of its community dimension. We have two very successful community businesses, a Nursery and Gym (Heros) that benefit members of the school and wider community. In addition, we host a community Library, sharing facilities between the school and people who live locally. More information about community activities can be found in the Public Benefit section above. Our facilities have been enhanced by a refurbishment of the sports hall and swimming pool, used by students and the community throughout the week.

**Equality**

The Academy's Vision promotes values of kindness and respect, which supports tolerance and understanding of different opinions, cultures and beliefs.

Student diversity, equity and inclusion ambassadors have been identified as part of our Student Leadership Programme.

As far as physical accessibility of the site in concerned, works have been carried out to improve access to the site over several years, including ramps, automatic doors and a stairlift to Heron's gym. A new block which opened in August 2018 includes lift access to the first floor teaching spaces and a lift was installed in the Science Block in October 2022. See also Objectives and Achievements section c on equality.

(A company limited by guarantee)

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**Achievements and performance (continued)**

**b. Key financial performance indicators**

Financial performance indicators commonly used to monitor the financial performance of schools are set out in the table below, together with some standard financial ratios. Comparative information from the previous three financial years is provided.

	<b>2021-22</b>	<b>2022-23</b>	<b>2023-24</b>	<b>2024-25</b>
Staff costs as a % of total costs	68.64%	63.49%	59.51%	70.35%
Pupil to teacher ratio	19.5:1	19.4:1	20.1:1	17.4:1
Average teaching post cost	£61,994	£64,304	£73,276	£72,822
Average expenditure per pupil (all costs)	£7,015	£7,847	£8,874	£8,458
Average direct cost per pupil	£4,901	£5,288	£5,677	£6,167
Teacher cost per pupil	£3,483	£3,670	£4,048	£4,501
Support staff cost per pupil	£1,083	£1,280	£1,344	£1,605
Occupancy costs as a % of total costs (includes premises improvements and site staff)	13.24%	18.98%	13.05%	10.49%
% of total income other than from grants and delegated funding	6.34%	6.98%	5.8%	6.18%
Operating surplus	£(509,328)	£(1,032,664)	£(377,215)	£776,289
Working capital	5.36:1	2.08:1	2.34:1	3.99:1

Staff salaries make up the greatest proportion of the school budget, so staff salaries as a % of total costs are a key indicator of the financial health of the school. Nursery and Heron's staff are excluded in order to facilitate comparisons with other schools. At 70.35%, this is higher than in previous years, which in part is a reflection of reduced expenditure during the year. If agency personnel are included in the total, the staff costs would be 74.55% of the total. DfE benchmarking information indicates that staffing is typically over 70% of a school's total expenditure and that 80% would be considered high, so a significant rise is cause for concern. However, this figure is obviously also affected by the total level of expenditure – and there was over £1 million expenditure in the 2023-24 accounts relating to a local authority funded works and refurbishment of the Swimming Pool and Sports Hall (see note 16, Restricted Fixed Asset Funds).

The average teaching post cost has decreased from £73,276 to £72,822 and includes all staff paid on teachers' pay scales, whether or not they have a teaching commitment. This represents a 1% decrease on the previous year, despite the September 2024 pay award of 5.5% and the effect of higher employer National Insurance contributions from April 2025. It also reflects a reduction in the size of the leadership team from September 2024.

The average teaching post cost per pupil has increased by 11.18%, from £4,048 to £4,501. This reflects a combination of two factors – the rising cost of employing teachers and significantly reduced pupil numbers compared to what had been expected. The 2024 Y7 September intake was 186, compared to the Planned Admission Number (PAN) of 208.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

### **Achievements and performance (continued)**

The pupil / teacher ratio (PTR) is a key performance indicator of the teaching resource available to carry out the core business of providing education. It has decreased from 20.1:1 to 17.4:1, which is attributable to a significant drop in pupil numbers from 1249 in September 2023 to 1165 in October 2024. A PTR of between 17 and 18 pupils per teacher would generate a green RAG rating on the Institute of School Business Leaders integrated financial planning tool.

The support staff cost per pupil has risen from £1,344 to £1,605, an increase of over 19%. The support staff establishment has reduced from 67.5 FTE to 60.4 FTE (see staff numbers note 10b). An April 25 pay increase of 3.2% for the majority of support staff was agreed in July 2025, enabling it to be paid within the accounting year. Cleaning and other staff on pay rates linked to the National Minimum Wage also had April 25 increases – of 6.7% for those over 21 and between 16% and 18% for workers under 21 but their FTE is not reflected in headcount numbers as many are students on zero hours contracts.

Nearly 6.2% of the Trust's income was self-generated ie not from grants or delegated funding. It reflects community activities which generate income – the nursery, Heron's gym, swimming lessons and lettings, as well as sundry other income. This would generate a green RAG rating on the Institute of School Business Leaders integrated financial planning tool. Government statistics indicate that this is higher than most schools – but there is significant associated staff expenditure.

The occupancy costs indicator is calculated on revenue and capital expenditure including running costs and expenditure on caretaking and cleaning staff. Occupancy costs as a % of total expenditure decreased from 13.05% in 2023-24 to 10.49% in 2024-25. This is a reflection of lower expenditure on the Academy's premises, although it does include replacement of boilers at a cost of over £50,000. Occupancy costs tend to be relatively high because of the age, usage and configuration of the school buildings. We have consistently used the same calculation of occupancy costs in the governors' report and this is different from the calculation used in the DfE schools financial benchmarking. However, looking at energy use and occupation costs in general, the Academy has higher percentage costs than other similar schools according to the DfE benchmarking.

Working capital is an indicator of the organisation's ability to generate cash and meet its liabilities as they become due. This shows an increase on the previous year and is an indication of the financial health of the company - current assets nearly four times current liabilities.

#### **c. Going concern**

After making appropriate enquiries, the board of governors has a reasonable expectation that the Academy has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

#### **Financial review**

Most of the Academy's income is obtained from the DfE in the form of recurrent grants, the use of which is restricted to particular purposes. The grants received from the DfE during the period ended 31 August 2025 and the associated expenditure are shown as restricted funds in the Statement of Financial Activities.

There has been an overall increase in funding related to pupil numbers compared with the previous year. Income based on the number of 11-16 students increased due to more pupils on roll at the October 2023 census date which determines amounts due for the following academic year, but funding for 16-19 was down as a result of lower pupil numbers. The Academy benefited from DfE grants relating to

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

payroll costs which would otherwise have been unfunded. A total of £362,787 was provided to cover a higher than anticipated teachers' pay settlement in September 2024, increased employer contributions to the Teachers Pension Scheme from April 24 increased employer National Contributions for all staff from April 2025. Pupil Premium grants from the EFSA are used to support disadvantaged students and £305,871 was received during the year. All of these grants can be seen in note 16. The local authority extended a scheme to support children entitled to free school meals by providing food vouchers during school holidays.

The Academy also receives grants for fixed assets from the DfE and £25,831 was received during the year. This was used as a contribution towards replacing end-of-life boilers in the administration block. The Academy made a successful bid for Condition Improvement Funding (CIF) to improve security and safeguarding by erecting additional fencing and access controls and providing a single point of entry for visitors. The work did not start until mid-August. In accordance with the required accounting treatment, the grant income of £284,158 is shown in Note 16 – Restricted Fixed Asset Funds, with the Academy's contribution and unspent grant to complete the project being brought forward to 2025-25.

In accordance with the Charities Statement of Recommended Practice, 'Accounting and Reporting by Charities' (SORP 2015), such grants are shown in the Statement of Financial Activities as restricted income in the fixed asset fund. The restricted fixed asset fund balance is reduced by annual depreciation charges over the expected useful life of the assets concerned.

During the period ended 31 August 2025, total expenditure of £9,854,060 was offset by recurrent grant funding from the DfE plus other incoming resources totalling £10,630,349. The surplus of income over expenditure for the period after transfers between funds and adjustments was £776,289 in the SoFA. If the end of year position is taken from the Statement of Funds (note 16), excluding fixed assets and the pension reserve, it shows an overall increase in restricted, unrestricted and capital funds totalling £212,939.

There was an actuarial gain on the LGPS defined benefit pension scheme due to a rise in the value of scheme assets taking the overall surplus on the scheme to £3,535,000 compared to a surplus of £2,124,000 in the previous year. (See SoFA Other recognised gains/losses and Notes 16 & 23). This is not shown as an asset in the accounts because under recommended accounting treatment it cannot be shown to link to a reduction in contributions. In addition, any surplus on the LGPS is not a realisable asset, in the same way that any deficit is not an immediate liability. This is not seen as a threat to the financial position of the Trust because the most recent triennial valuation of the Trust's assets in the scheme (31 March 2025) showed a funding level of 127.8%, compared with 114% in the valuation carried out in 2022. As a result of the 2025 valuation, employer pension contributions will fall from 25.4% to 17% from 1 April 2026

At 31 August 2025 the net book value of fixed assets was £8,254,811 and movements in tangible fixed assets are shown in note 13 to the financial statements. In line with the advice of the external auditor, no depreciation charge for buildings and property has been made since 2021-22. The fixed assets were used exclusively for providing education and the associated support services to the pupils of the Academy or for its community activities.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**a. Reserves policy**

The Academy has a Reserves Policy which forms part of the Financial Regulations. This takes into account guidance on academy trust reserves updated by the DfE in June 2025.

Reserves need to be maintained for a range of reasons, depending on the funding needs and risks faced by individual trusts:

- Cashflow – managing fluctuations in income to ensure that sufficient cash is available to pay bills and salaries. The Trustees consider that it is desirable to hold an appropriate and comfortable level of free reserves to provide sufficient working capital to cover delays between spending and receipt of grants and to provide a cushion to deal with unexpected emergencies such as urgent maintenance.
- Contingency – managing change and uncertainty such as unforeseen extra costs or planning for reduced pupil and / or staff numbers. The three-year budget plan indicates that reserves will be needed to provide balanced budgets unless additional savings can be made. During 2024-25, reserves of approximately £50,000 had to be used for urgent heating replacement, following the failure of boilers on part of the site which had been scheduled for a future capital funding bid.
- Planned investment and improvement – premises maintenance and development, curriculum, IT or school improvement. Free reserves have historically been designated for investment in the Academy's premises, both planned and otherwise – for example since 2018 funds had been designated for a major refurbishment of the Academy's sporting facilities which was carried out in 2023. The estate is considered to be an area of high risk because of the age of most of the Academy's buildings. This is reflected in Academy's risk register and estates strategy, supported by the most recent Condition Survey (2022) which indicated that over £5.5million worth of maintenance work could be required within three years. Over half of this relates to mechanical services ie heating, hot and cold water systems. The Trust can apply for Condition Improvement Funding (CIF) and Salix Funding, but may be able to increase its success rate by making contributions from reserves.
- Strategic development and growth – school or trust expansion. The Trustees have not opted for the Trust to grow by adding new schools. There has been planned growth in pupil numbers through higher Y7 intakes in 2022 and 2023. This has enabled premises development funded through Lincolnshire County Council. However, this only provided premises funding, so there were furniture and curriculum costs met by the Academy.

The absolute minimum level of reserves that the Trust should aim to maintain is £477,982, which represents 5% of budgeted income for 2025-26. Below this, the Trust could be financially vulnerable and have cashflow problems.

A more comfortable level of reserves would be £693,313, based on one month's salaries and average costs of utilities according to the 2025-26 budget.

As a single academy trust, it would not be unreasonable to hold reserves in excess of 20% of annual income – as long as there was a spending plan in place. On the basis of the 2025-26 budget this would be £1,911,929. A spending plan could easily be formulated from the recommendations in the Condition Survey alone, especially as building costs have risen since April 2022.

The governors review the reserve levels of the Academy annually. This review encompasses the nature of income and expenditure streams, the need to match income with commitments and the nature of reserves.

The Academy has restricted reserves of £1,002,596 (note 16), an increase of £317,395 on the year ending August 2024. This excludes the pension reserve which has not been shown as a restricted fund asset for the reason described above. The restricted reserves are principally unspent GAG on which there is no carry forward

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

cap due to a changed funding agreement during 2017-18. Although these are restricted funds, they are effectively free reserves because they can be used to support the Trust's main activity of delivering education. There are no restricted funds where there are other restrictions on how they must be spent.

The Academy's current level of unrestricted funds (total funds less the amount held in fixed assets and restricted funds) is £104,430, a decrease of £104,456 on the previous year (note 16). The nursery has had a financially successful year and restored its position as a net contributor to the funds of Branston Academy Trust, as well as repaying accumulated deficit. Overall that leaves the Academy with

£1,107,026 of reserves as at 31 August 2025 which would be 9% of income during the year. The Academy's total reserves have increased by £212,939 during the year.

**b. Investment policy**

The Academy's investment policy is set out in the Financial Regulations (Section 10) and states that investments must be made only in risk-averse, ethical funds. During 2024-25, no funds were invested in a rolling programme of 12-month fixed-term deposits and the 32-day notice bank account was retained but not added to. However, the Academy took advantage of a bank scheme to sweep cash out of the main bank account to maintain a £1,000 balance and increase significantly the amount of interest payable without compromising cash flow.

Funds were kept immediately available to ensure efficient cash flow, payment of salaries and in case of unforeseen maintenance emergencies.

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**c. Principal risks and uncertainties**

Risks may be classified as strategic, operational, financial, compliance and reputation, but in practice many risks will fall into more than one category.

The principal risks currently facing the Academy are the financial effects of changes in student numbers, uncertainty surrounding Government funding and expenditure-increasing pressures on staff pay and supplies. Inflation has increased to 3.6% (October 2025) compared to 2%, the Bank of England target, a year ago. However, previous high rates over the past couple of years are still coming through in increased supplier costs and this is likely to continue due to the impact of the April 2025 increase in Employers' National Insurance Contributions.

Teaching and support staff unions can be expected to continue pushing for higher pay rises, taking the view that they have not been compensated for increases in inflation over the past decade so have had a pay cut in real terms. The minimum wage will increase by 4.1% from April 2026 for over 21s, by 8.5% for workers aged 18-20 and 6% for under 18s. This is a significant risk as these increases are more than the grant income increases set out below and in addition the Academy employs many workers under 21.

The Government is on record as promising an annual, real terms increase in schools funding of around 1.1% extra per pupil as a result of its spending review. However, the financial climate continues to be uncertain as it is not clear how this will translate into actual funding and how it relates to the increased rate of inflation compared to this time last year. The schools National Funding Formula (NFF) document for 2026-27 was published in November 25. Key features of this are that every secondary school will receive at least £6,640 per pupil and that additional grants paid in 2025-26 will be rolled into the NFF from 2026-27 – this relates to the schools budget support grant (SBSG) and National Insurance Contributions grant. The SBSG was announced to cover additional costs during 2025-26, including the costs of teaching and support staff pay awards. The NICs grant followed the increase in employer' NI, but was lower than the actual costs. The NFF also sets out increases of 2.11% to key funding factors, but Lincolnshire County Council is proposing to transfer some of the schools grant block into the special needs block. This would reduce the amount of the age-related pupil weighing unit (AWPU) and could have significant financial consequences.

Ongoing monitoring of the latest information so the Academy has as much advance warning as possible is the control measure. Detailed budget planning, built-in contingencies and rigorous monthly monitoring are the main mitigation measures for the strategic management of expenditure.

Student recruitment at Year 7 and Year 12 must also be considered as a principal strategic risk because of the potential impact on funding.

The below PAN intake of 186 in September 2024 appears to reflect a national trend of falling school rolls. The potential high risk from this is being mitigated by detailed intake projections based on local primary feeder school numbers and strategic consideration of pupil numbers earlier in the budget planning cycle.

Retention rates from Y11 to Y12 had declined over several years to 33% in September 2024, but rose to 40.5% in September 2025. There are currently 150 students in the 6th form, the same as in September 2024 and compared to 163 in September 2023.

Uncertainty around BTECs was considered to be a significant factor in reduced retention into the 6th Form, but it does now seem to have stabilised. These appeal to students who want a vocational qualification rather than a traditional academic route. The risk is that students may choose other post-16 options such as college and apprenticeships, rather than staying on into the 6th Form. However, the Academy was able to offer the same number of BTEC courses for 2025-26 as it did in 2024-25, some of them being new courses to replace ones which had been de-funded. It looks as if stability may be on the horizon in the medium term as the Government is planning to introduce V Levels from September 2027 – new courses which will provide a vocational alternative to A Levels.

---

GOVERNORS' REPORT (CONTINUED)  
FOR THE YEAR ENDED 31 AUGUST 2025

---

These Y7 and Y12 factors combine to put the Academy at risk from reducing student numbers after more than a decade of growth. Detailed and early monitoring of Y7 recruitment trends has already been mentioned as a mitigation factor, and similar consideration is being given to Y11 retention.

The Academy premises are considered to be a high risk because parts of the site are more than 50 years old, infrastructure such as pipework is failing, in need of upgrading or at end-of-life and require significant investment to safeguard the continuance of business operations. The ability to fund major work in the future is the most significant financial risk affecting the Academy – while the current level of reserves could very quickly be depleted and are insufficient to meet the costs of work identified in the most recent condition survey (see Reserves Policy section above).

Loss of key staff due to resignation or extended absence is also an operational risk, together with staff retention and recruitment to some posts. Teaching assistant posts have been a high risk area, with difficulties being experienced in recruiting and retaining staff. Some financial and compliance risks are considered to be so low they have been removed from the register or assessed as low – however staff changes / absences would increase these. The risk of failing to recruit and retain suitably qualified and experienced teaching staff is considered to be moderate because it has been increasingly difficult to recruit to some subject areas over the past couple of years. This is despite involvement with local school centred initial teacher training which can assist in the recruitment of newly qualified teachers.

Cyber security has been given an increased risk rating on the Academy's risk register for several years, following DfE warnings to schools about the increasing number of cyber attacks on educational institutions, particularly via ransomware. The Academy uses dual factor authentication for staff to reduce the risks of cyber attacks such as phishing. A UK Government survey published in June 2025 found that 60% of secondary schools surveyed had identified breaches or attacks during the preceding 12 months and that education institutions at all levels were more likely to identify cyber security breaches or attacks than the average UK business and were more engaged with cyber security measures., Phishing attacks were by far the most common, followed by online impersonation, the, viruses, spyware or malware. The Academy already has up-to-date robust IT security which filters potentially harmful emails and identifies potential phishing emails.

Fraud from external sources continues to be a risk. According to the National Audit Office, public sector fraud and error in the UK are estimated to be worth between £55 billion and £88 billion annually. In 2023-24, the Education and Skills Funding Agency (EFSA – now transferred to the DfE) detected £31.6 million of fraud in academy trusts, further education colleges and independent training providers, as well as preventing a further £55.1 million, according to their Annual Report and Accounts.

During 2024-25, Lloyds Bank, the Academy's bankers, warned of the latest trends in fraud, such as payroll fraud where someone poses as an employee attempting to change their bank details, scam calls purporting to come from the bank and fake online banking sites. They also provided fraud and cyber awareness training.

External fraud is often linked to cyber attacks – potentially via activities such as impersonation emails, taking over user accounts or hacking online bank accounts. Procurement fraud in its many forms has been one of the fastest growing types of fraud. The Business Manager keeps up to date on current frauds prevalent in the education sector eg via Action Fraud Alert and the financial regulations / internal controls reduce the risk of techniques such as false invoices or mandate fraud being successful.

While internal fraud is acknowledged as low risk in academies by the EFSA, all academies are expected to be aware of the risks. The Governing Body has chosen a rigorous scrutiny regime of internal audit, which mitigates the risk of internal fraud. This process has acknowledged strong levels of internal control eg relating to payroll, charge cards, cash handling and appropriate segregation of duties and authorisation procedures.

The Academy's chief financial officer completed anti-bribery training during 2024-25. The Academy has also completed the DfE's anti-fraud checklist for Academy Trusts – this is signed by the chair of trustees, accounting

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

officer and chief financial officer.

Failure to comply with health and safety and child protection procedures and legislation is high risk because of the potential consequences to individuals as well as reputation, however both key staff involved are experienced, there is regular staff training on child protection, and the Business Manager has an education-specific IoSH (Institute of Safety and Health) qualification.

The extent of the Academy's exposure to financial risks including credit, cash flow and liquidity has been considered. The Academy's current assets are at present sufficient to meet immediate needs, but as a deficit budget has been set for 2025-26 it would be a risk if this continued into future years.. Debtors are principally due to lettings, nursery fees and miscellaneous student related items, but amounts are small.

Cash on the premises is considered a financial risk and this has reduced drastically since cashless catering was introduced in 2016 using the ParentPay online system. It is expected that payments for school trips payments are all made via ParentPay and as a result over 90% of payments into the Academy's private fund bank account are made online. The majority of cash taken relates to Heron's Fitness, although Benefits in terms of easier credit control and improved cash flow are becoming apparent across all areas of the Academy's operations and it is not considered that there is material risk from trade creditors. A new nursery management system has produced credit control and cash flow benefits, as well as linking directly to an online payment system.

### **Fundraising**

Under the provisions of the Charities (Protection and Social Investment Act) 2016, the Trust has a responsibility to provide information on fundraising practices. This is designed to protect donors, charity supporters and the public from intrusive fundraising practices.

During the year, the Trust used the Easyfundraising online shopping scheme [www.easyfundraising.org.uk](http://www.easyfundraising.org.uk) A small donation is made by many retailers when supporters of charities and community groups do their online fundraising via this scheme. Parents have been made aware of the scheme via newsletters and website links. The Academy does not have a Parents / Friends Association.

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNORS' REPORT (CONTINUED)**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

### **Plans for future periods**

In September 2024 the Academy's new Principal launched a new set of strategic statements and a completely revised Academy Development Plan. The vision is that students leave Branston Community Academy having achieved their academic potential, equipped and inspired to be successful, contributing members of society who embody the Academy's values. These values are kindness, respect, aspiration, resilience and community. The Academy Development Plan sets out five objectives for 2025-26, all of which are derived from the vision:

- Quality of Education – Improve quality of education with a particular focus on embedding the Branston Blueprint so that teachers check students' understanding systematically, identify misconceptions accurately and adapt teaching to meet their needs so they make good progress.
- Quality of Education: Ensure SEND students' needs are identified, shared with all staff and this information is used effectively to adapt teaching to meet their needs so they make good progress.
- Behaviour and Attitudes – Continue to improve behaviour, attendance and attitudes with a particular focus on ensuring the high expectations the school has for behaviour are reflected in the way students conduct themselves in unstructured times
- Leadership and Management – Improve leadership at all levels with a particular focus on embedding a rigorous Quality Assurance process so leaders are clear about the school's strengths and areas for improvement and take appropriate action to raise standards further.
- Quality of Education: Develop and implement a coherent whole-school literacy strategy that puts reading, writing, speaking and listening at the heart of knowing and doing across the curriculum.

Following on from the March 2025 Ofsted, the Academy has been allocated a Regional Improvement for Standards and Excellence (RISE) adviser. The Academy is keen to engage with this scheme in order to fulfil its vision, values and objectives. Ensuring financial stability is also an important part of the academy's medium term strategy.

The Academy's safeguarding CIF bid is due to complete well before Christmas (see Financial Review – Principal Funding) . A bid will be made for 2026-27 Funding to replace boilers across the site which are at end of life and at high risk of failing altogether. A bid to replace these boilers under the 2025-26 scheme scored highly but was unsuccessful. Developing use of the Every premises and contracts management system continues to be in the finance department plan. This can be particularly valuable for providing evidence to support bids for capital funding from the Department for Education.

Development of online and paperless systems continues across the Academy – the SIMS student and staff management system is now cloud-based, including online registration, and opportunities to develop use of the system are being explored. The Finance Office has been developing online and paperless systems for several years and when a new payroll system was introduced in November 2024, it incorporated paperless overtime and expenses claims, as well as online payslips and payroll documents – available either online or via a phone app. A new finance system was introduced in September 2025, providing further opportunities for reducing paperwork and streamlining processes as well as improving reporting and making use of the DfE's standard chart of accounts. The latter is a first step towards automating statutory returns.

The value of payments taken by cash and cheque has continued to decline, thanks in part to the introduction of a new online system to manage both swimming lessons and gym payments, and the facility to take Sum Up card payments in Heron's. The nursery management system sends bills electronically, and facilitates online payments through the system. The Academy is also expanding the use of Square across a wide variety of operations. So far it has proved very effective for ad hoc payments such as Uniform Revival (second hand uniform), for charity fundraising, Fair Trade sales and canteen payments by supply staff.

BRANSTON ACADEMY TRUST  
(A company limited by guarantee)

---

GOVERNORS' REPORT (CONTINUED)  
FOR THE YEAR ENDED 31 AUGUST 2025

---

**Plans for future periods (continued)**

The schedule of meetings of the governing body is being reviewed for 2025-26 in order to adopt a model which is more common in the academy sector. This will allow flexibility, but reduce the time commitment of the leadership team.

**Funds held as custodian on behalf of others**

The Academy holds 16-19 Bursary funds from the Education and Skills Funding Agency within its main account. Deposits to staff and student cashless catering accounts are also held.

Staff Association funds are held within the private school fund account, together with deposits and payments for school trips and monies raised for external charities.

During 2024-25 the Academy also received and distributed vouchers for holiday periods to parents/carers of pupils eligible for school meals. The funding for this was received from Lincolnshire County Council.

**Disclosure of information to auditors**

Insofar as the governors are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware, and
- that governors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The Governors' report was approved by order of the board of governors, as the company directors, on 15 December 2025 and signed on its behalf by:

.....  
M Norman  
Chair of Governors

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNANCE STATEMENT**

---

**Scope of responsibility**

As governors, we acknowledge we have overall responsibility for ensuring that Branston Academy Trust has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

As governors, we have reviewed and taken account of the guidance in DfE's Governance Handbook and competency framework for governance.

The board of governors has delegated the day-to-day responsibility to the Principal, as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Branston Academy Trust and the Secretary of State for Education. They are also responsible for reporting to the board of governors any material weaknesses or breakdowns in internal control.

**Governance**

The information on governance included here supplements that described in the Governors' report and in the Statement of governors' responsibilities. The board of governors has formally met 3 times during the year.

Attendance during the year at meetings of the board of governors was as follows:

Governor	Meetings attended	Out of a possible
S Bassett	3	3
D Boyd	3	3
L Bush	3	3
P Coombes	3	3
D Dearden, Vice-Chair of Governors	2	3
R Gilding	1	3
N Harris	0	3
M Norman, Chair of Governors	3	3
V Norman	3	3
D Thompson	3	3
M Turner	3	3
A Webster	3	3
R Woollen	3	3

There were no resignations of governors during the year 2024-25.

The 2022 Ofsted report provided an external review of the quality of governance and judged the quality of leadership and management to be good.

**Conflicts of Interest**

The Academy maintains an up-to-date register of interests which is visible on its website. Declarations of any interest in any agenda items are made at the beginning of any meetings. Governors are excluded from any decision-making where any interest exists.

The AGM in March 2026 is the date of the next internal review of governance and identification of the training needs of governors is ongoing with the annual skills audit being circulated in December.

The full board of governors only met 3 times during the year but financial oversight was maintained through the regular receipt of financial reports as well as meetings of sub-committees in the year.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNANCE STATEMENT (CONTINUED)**

---

**Governance (continued)**

The Finance, Resources and Staffing Committee is a committee of the main governing body. Its purpose is to take responsibility for all matters concerning the maintenance and development of buildings, for financial matters, including the creation of the annual budget and its subsequent monitoring. The committee discusses the establishment figure for the coming year and any associated strategies to achieve the required quantity and quality of staff. During the year the Committee will receive updates on staffing developments and decide upon recommendations from the Principal on the general pattern of allowances within the Academy. Its Autumn meeting acts as the Academy Trust's Audit Committee.

Attendance during the year at meetings of the committee was as follows:

Governor	Meetings attended	Out of a possible
M Norman	3	3
D Dearden	3	3
S Bassett	3	3
L Bush	2	3
D Boyd	2	3
R Gilding	1	3
V Norman	3	3
N Harris	0	3
M Turner	3	3
A Webster	2	3
R Woollen	3	3

The Standing Committee discusses any general issues concerning the well-being of the Academy and can act as a Steering Committee for business, directing issues to the agenda of specialist committees or the full governing body. It reacts, where necessary, to current issues needing a response before an appropriate full or committee meeting is held; it receives reports from the Principal on action considered significant enough to raise at once with the governing body. It receives monitoring reports on the budget in between meetings of the Finance and Resources Committee and has delegated powers to act on behalf of the governing body. From September 2025, the Standing Committee has meetings provisionally scheduled but these will only take place if required.

Attendance during the year at meetings was as follows:

Governor	Meetings attended	Out of a possible
M Norman	6	6
D Dearden	5	6
R Woollen	5	6
D Boyd	5	6
V Norman	6	6
M Turner	5	6

The Curriculum and Standards Committee has delegated powers to decide matters concerning the curriculum and staffing of the Academy. Each year this Committee discusses the following year's curriculum plan and receives updates on major curriculum developments. The Committee has delegated powers to consider and decide policy matters relating to the monitoring of standards. In particular, the Committee receives annual reports from the Principal and/or senior post-holders on the Academy's self-evaluation of overall performance.

Matters concerning individual members of staff must, for legal reasons, be decided upon by a small group and the Personnel Committee fulfils this role. Membership consists of the Chairman of Governors, the Chairman of

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

the Curriculum and Standards Committee, Chair and Vice-Chair of Finance, Resources and Staffing, plus one other elected annually.

Attendance during the year at meetings was as follows:

Governor	Meetings attended	Out of a possible
M Norman	3	3
S Bassett	3	3
L Bush	3	3
P Coombes	3	3
D Dearden	3	3
R Gilding	3	3
N Harris	1	2
V Norman	3	3
D Thompson	3	3
M Turner	3	3
A Webster	3	3
R Woollen	3	3

**Review of value for money**

As accounting officer, the Principal has responsibility for ensuring that the Academy delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The accounting officer considers how the Academy's use of its resources has provided good value for money during each academic year, and reports to the board of governors where value for money can be improved, including the use of benchmarking data where appropriate. The accounting officer for the Academy has delivered improved value for money during the year by ensuring that the principles of value for money are embedded within the Academy's strategic decision making and procurement procedures.

Value for Money is widely described by Government, and other organisations including the Audit Commission, as striking the right balance between economy, efficiency and effectiveness. The three Es of Value for Money can be defined as follows:

- Economy – minimising costs without compromising quality eg were rubbish sacks of the required quality purchased for the best price?
- Efficiency – the relationship between output in terms of goods, services or other results and the resources used to produce them eg was the cost of school meals minimised at the same time as enhancing the nutritional quality of the lunch provided to pupils?
- Effectiveness – the extent to which objectives have been achieved eg did the education programme improve examination success rates?

Four basic principles provide a route for approaching value for money and are embedded into the routine operations and daily conversations and decisions within the academy in order to ensure that money is spent wisely within a culture of continuous improvement and raising of school standards. These are set out below:

- Challenge – why, how and by whom an activity is carried out, which may mean deciding that a project or service will not go ahead or a product not be purchased
- Compare – performance against other schools and between parts of each school. This may be

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNANCE STATEMENT (CONTINUED)**

---

**Review of value for money (continued)**

quantitative ie by means of formal benchmarking of statistical expenditure and performance information, or qualitative, using detailed informal discussions and peer review

- Consult – involving stakeholders, especially pupils and parents. This may lead to changes in how money is spent in order to meet the priorities and needs of the community served. Consultation within the school is also effective in securing improvement.
- Compete – as a means of securing efficient and effective services. This is most commonly the “decision tree” of procurement procedures involving obtaining alternative quotes, investigating potential alternative supplies and tendering for major projects.

In practice, these will be applied together to ensure that value for money is achieved.

During 2024-25, the Academy engaged with the DfE's advice service Buying for Schools, both directly and using online resources and links. Advice was sought which endorsed the approach of procuring replacement boilers via three quotes from local suppliers. In previous years, Buying for Schools have been consulted on a variety of areas including building project management, building works, supply teacher agencies, IT hardware and payroll systems.

Procurement frameworks are considered because in addition to financial savings they can provide specialist advice and a purchasing route which is compliant with procurement law and DfE expectations. During the year 2024-25, frameworks provided financial savings and other benefits on the purchase of white goods and pool chemicals.

The Academy's normal procedure for medium to high value procurements outside the scope of public procurement regulations would be to put together a statement of requirements. A price comparison of three companies would be made if the purchasing consortium / framework approach was not being followed. During 2024-25, an internal procurement was used to select a new financial system, together with resources published by the DfE outlining the features of different systems. There was also extensive exploration over a couple of years via face to face events such as the Academies Conference, direct demonstrations from suppliers and conversations with other academy finance professionals.

The boiler replacement in the administration block was managed in-house. More complex major building works are always contracted through a project management company – for example the Sports Hall and Swimming Pool refurbishment completed in November 2024.

Frameworks and procurement organisations such as ESPO or YPO may also be used to benchmark prices – and in some cases there may be economies to be gained from doing so. Comparisons between suppliers are made on a continuing basis and sometimes the decision comes down to price. Other factors may also be important – for example the supplier for servicing and supply of grounds machinery was chosen in a previous year because they picked up items for servicing, provided trade-in on used items, training and build for new machinery. This ensured efficient use of staff time, which is also an important factor in achieving value for money. Procurement of IT equipment is always done using price comparison between several suppliers as a key criterion, but suppliers will not always have identical specifications available, in which case a higher specification may need to be considered alongside who will be the end user. Some procurement decisions can have a higher up-front cost but reap savings in the long run eg a decision was taken to buy new soap dispensers which would allow top up with a bulk and much cheaper foaming product.

There is always careful consideration of what money is to be spent on, with pupils' wellbeing, safety and educational outcomes always at the forefront of prioritising expenditure. Curriculum departments receive an annual amount covering recurrent expenditure which is calculated according to pupil numbers and higher weightings for resource-heavy subjects

Cashless catering demonstrates effectiveness, because it delivered objectives relating to supporting pupils

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**GOVERNANCE STATEMENT (CONTINUED)**

---

**Review of value for money (continued)**

entitled to free school meals and provision of information to parents as well as reducing the risks and costs associated with handling and banking cash.

**The purpose of the system of internal control**

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of Academy policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Branston Academy Trust for the year 1 September 2024 to 31 August 2025 and up to the date of approval of the annual report and financial statements.

**Capacity to handle risk**

The board of governors has reviewed the key risks to which the Academy is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of governors is of the view that there is a formal ongoing process for identifying, evaluating and managing the Academy's significant risks that has been in place for the year 1 September 2024 to 31 August 2025 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the board of governors.

**The risk and control framework**

The Academy's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the board of governors;
- regular reviews by the Finance, Resources and Staffing Committee / Standing Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines;
- identification and management of risks.

The board of governors has decided to employ Forrester Boyd Chartered Accountants as internal auditor.

The internal audit role has involved giving advice on financial matters and performing a range of checks on the academy trust's financial systems. The auditor reports to the board of trustees through finance and resources committee on the operation of the systems of control and the discharge of their financial responsibilities. Overall, the Academy's systems and controls were assessed as good. Areas covered included recruitment and payroll, the business continuity plan, cash income, banking and credit card controls, a review of the website, fraud, theft and bribery controls, checks on safeguarding and whistleblowing procedures, and a review of the budget and budgeting process.

The reports use a RAG rating system, with the addition of yellow items between the amber and green where minor improvements are suggested. There were two amber items relating to cashing up and till procedures at the gym, one amber and one red item relating to publication of information on the website and two amber items relating to budgeting and future planning.

BRANSTON ACADEMY TRUST  
(A company limited by guarantee)

---

GOVERNANCE STATEMENT (CONTINUED)

---

**The risk and control framework (continued)**

Streets were appointed as auditors from September 2023 and have been responsible for audit and preparation of financial statements for the year ending 31 August 2025. They have delivered the scheduled work as planned and no material control issues have arisen during the year.

**Review of effectiveness**

As accounting officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the internal auditor;
- the school resource management self-assessment tool;
- the work of the executive managers within the Academy who have responsibility for the development and maintenance of the internal control framework; and
- the work of the external auditors.

The accounting officer has been advised of the implications of the result of their review of the system of internal control by the Standing Committee / Finance, Resources and Staffing Committee and a plan to ensure continuous improvement of the system is in place.

**Conclusion**

Based on the advice of the audit and risk committee and the accounting officer, the board of trustees is of the opinion that the academy trust has an adequate and effective framework for governance, risk management and control.

Approved by order of the members of the board of governors on 15 December 2025 and signed on their behalf by:

  
.....  
M Norman

Chair of Governors

BRANSTON ACADEMY TRUST  
(A company limited by guarantee)

---

STATEMENT OF REGULARITY, PROPRIETY AND COMPLIANCE

---

As accounting officer of Branston Academy Trust, I confirm that I have had due regard to the framework of authorities governing regularity, propriety and compliance, including the trust's funding agreement with DfE, and the requirements of the Academy Trust Handbook, including responsibilities for estates safety and management. I have also considered my responsibility to notify the academy trust board of trustees and DfE of material irregularity, impropriety and non-compliance with terms and conditions of all funding, including for estates safety and management.

I confirm that I and the Academy board of governors are able to identify any material irregular or improper use of all funds by the Academy, or material non-compliance with the framework of authorities.

I confirm that no instances of material irregularity, impropriety or non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the board of governors and DfE.

.....

---

STATEMENT OF GOVERNORS' RESPONSIBILITIES  
FOR THE YEAR ENDED 31 AUGUST 2025

---

The governors (who are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Governors' report and the financial statements in accordance with the Academies Accounts Direction published by the Department for Education, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the governors to prepare financial statements for each financial year. Under company law, the governors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the governors are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The governors are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The governors are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from DfE have been applied for the purposes intended.

The governors are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Approved by order of the members of the board of governors on 15 December 2025 and signed on its behalf by:

  
.....  
M Norman  
(Chair of Governors)

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF  
BRANSTON ACADEMY TRUST**

---

**Opinion**

We have audited the financial statements of Branston Academy Trust (the 'academy') for the year ended 31 August 2025 which comprise the Statement of financial activities, the Balance sheet, the Statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025 issued by the Department for Education.

In our opinion the financial statements:

- give a true and fair view of the state of the Academy's affairs as at 31 August 2025 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025 issued by the Department for Education.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Academy in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the governors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Academy's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the governors with respect to going concern are described in the relevant sections of this report.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF  
BRANSTON ACADEMY TRUST (CONTINUED)**

---

**Other information**

The other information comprises the information included in the Annual report other than the financial statements and our Auditors' report thereon. The governors are responsible for the other information contained within the Annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Opinion on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Governors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Governors' report has been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In the light of our knowledge and understanding of the Academy and its environment obtained in the course of the audit, we have not identified material misstatements in the Governors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of governors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of governors**

As explained more fully in the Statement of governors' responsibilities, the governors (who are also the directors of the Academy for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the governors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the governors are responsible for assessing the Academy's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the governors either intend to liquidate the Academy or to cease operations, or have no realistic alternative but to do so.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF  
BRANSTON ACADEMY TRUST (CONTINUED)**

---

**Auditors' responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the Academy through discussions with governors and other management, and from our knowledge and experience of the Academy and the education sector in which it operates;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the Academy, including relevant DfE guidance, the Companies Act 2006, taxation legislation, data protection, anti-bribery, employment, environmental, health and safety and safeguarding legislation;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the Academy's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- agreed the accurate recognition of grant income and agreed entitlement to available funding allocation documents;
- agreed a sample of employees on the Academy payroll to existence and agreed the accuracy of their pay;
- assessed and reviewed the appropriateness and effectiveness of the key systems and controls;
- assessed whether judgements and assumptions made in determining the accounting estimates set out in Note 2 were indicative of potential bias; and
- investigated the rationale behind any significant or unusual transactions.

---

BRANSTON ACADEMY TRUST  
(A company limited by guarantee)

---

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF  
BRANSTON ACADEMY TRUST (CONTINUED)

---

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance; and
- enquiring of management as to actual and potential litigation and claims.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our Auditors' report.

**Use of our report**

This report is made solely to the Academy's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Academy's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Academy and its members, as a body, for our audit work, for this report, or for the opinions we have formed.

---

**INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO BRANSTON ACADEMY TRUST AND THE SECRETARY OF STATE FOR EDUCATION**

---

In accordance with the terms of our engagement letter dated 10 November 2023 and further to the requirements of the Department for Education (DfE) as included in the extant Framework and Guide for External Auditors and Reporting Accountants of Academy Trusts 2024 to 2025, we have carried out an engagement to obtain limited assurance about whether anything has come to our attention that would suggest, in all material respects, the expenditure disbursed and income received by Branston Academy Trust during the year 1 September 2024 to 31 August 2025 have not been applied to the purposes identified by Parliament and that the financial transactions do not conform to the authorities which govern them.

This report is made solely to Branston Academy Trust and the Secretary of State for Education in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to Branston Academy Trust and the Secretary of State for Education those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Branston Academy Trust and the Secretary of State for Education, for our work, for this report, or for the conclusion we have formed.

**Respective responsibilities of Branston Academy Trust's accounting officer and the reporting accountant**

The accounting officer is responsible, under the requirements of Branston Academy Trust's funding agreement with the Secretary of State for Education dated 1 December 2010 and the Academy Trust Handbook, extant from 1 September 2024, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the extant Framework and Guide for External Auditors and Reporting Accountants of Academy Trusts 2024 to 2025. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2024 to 31 August 2025 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO BRANSTON ACADEMY TRUST AND THE SECRETARY OF STATE FOR EDUCATION (CONTINUED)**

---

### **Approach**

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by DfE. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Academy's income and expenditure.

Our audit work involved:

- a review of the academy systems and controls and confirmation of their operation and effectiveness during the year;
- a detailed review of purchase transactions confirming the purpose, value for money and that appropriate tendering / quotation procedures had been followed in line with the academy finance policy; and
- a review of the related party relationships and internal audit reports.

In line with the Framework and guide for external auditors and reporting accountants of academy trusts issued March 2024, we have not performed any additional procedures regarding the Trust's compliance with safeguarding, health and safety and estates management.

### **Conclusion**

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2024 to 31 August 2025 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

## **1. Accounting policies**

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgments and key sources of estimation uncertainty, is set out below.

### **1.1 Basis of preparation of financial statements**

The financial statements of the Academy, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2022 to 2025 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

### **1.2 Going concern**

The governors assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Academy to continue as a going concern. The governors make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Academy has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the Academy's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

### **1.3 Income**

All incoming resources are recognised when the Academy has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

- Grants**

Grants are included in the Statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of financial activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the Balance sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

- Other income**

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the Academy has provided the goods or services.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**1. Accounting policies (continued)**

**1.4 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity.

**• Expenditure on raising funds**

This includes all expenditure incurred by the Academy to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

**• Charitable activities**

These are costs incurred on the Academy's educational operations, including support costs and costs relating to the governance of the Academy apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

**1.5 Government grants**

Government grants relating to tangible fixed assets are treated as deferred income and released to the Statement of financial activities over the expected useful lives of the assets concerned. Other grants are credited to the Statement of financial activities as the related expenditure is incurred.

**1.6 Interest receivable**

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Academy; this is normally upon notification of the interest paid or payable by the institution with whom the funds are deposited.

**1.7 Taxation**

The Academy is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the Academy is potentially exempt from taxation in respect of income or capital gains received within categories covered by Part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**1. Accounting policies (continued)**

**1.8 Tangible fixed assets**

Assets costing £1,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of financial activities and carried forward in the Balance sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of financial activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life, as follows:

Depreciation is provided on the following bases:

Freehold property	- Not depreciated
Furniture and equipment	- 10% straight line
Plant and machinery	- 15% straight line
Computer equipment	- 25% straight line

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of financial activities.

**1.9 Debtors**

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**1.10 Cash at bank and in hand**

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

**1.11 Liabilities**

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the Academy anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**1. Accounting policies (continued)**

**1.12 Financial instruments**

The Academy only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the Academy and their measurement bases are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 14. Prepayments are not financial instruments.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in note 15. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

**1.13 Operating leases**

Rentals paid under operating leases are charged to the Statement of financial activities on a straight line basis over the lease term.

**1.14 Pensions**

Retirement benefits to employees of the Academy are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Academy in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each Balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of financial activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**1. Accounting policies (continued)**

**1.15 Fund accounting**

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy at the discretion of the governors.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Department for Education Group.

Investment income, gains and losses are allocated to the appropriate fund.

**2. Critical accounting estimates and areas of judgment**

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The Academy makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 23, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2022 has been used by the actuary in valuing the pensions liability at 31 August 2025. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

Critical areas of judgment:

The academy has assessed whether any LGPS surplus should be recognised as a pension asset or whether the surplus should be restricted. The assessment is based on the recognition criteria as to whether the academy is able to recover the surplus either through reduced contributions in the future or through refunds from the scheme. The assessment also includes the judgement that future service contributions are a minimum funding requirement for the LGPS.

The academy's assessment has resulted in a restriction to the surplus recognised to £nil.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**10. Staff (continued)**

**b. Staff numbers**

The average number of persons employed by the Academy during the year was as follows:

	<b>2025</b> No.	<b>2024</b> No.
Teachers	81	77
Administration and Support	158	120
Management	6	8
	<b>245</b>	<b>205</b>

The average headcount expressed as full-time equivalents was:

	<b>2025</b> No.	<b>2024</b> No.
Teachers	68.6	62.0
Administration and Support	59.4	67.5
Management	6.0	8.0
	<b>134.0</b>	<b>137.5</b>

**c. Higher paid staff**

The number of employees whose employee benefits (excluding employer pension costs) exceeded £60,000 was:

	<b>2025</b> No.	<b>2024</b> No.
In the band £60,001 - £70,000	4	5
In the band £70,001 - £80,000	3	2
In the band £80,001 - £90,000	1	-
In the band £90,001 - £100,000	-	1
In the band £100,001 - £110,000	1	-
In the band £120,001 - £130,000	-	1
	<b>6</b>	<b>10</b>

**d. Key management personnel**

The key management personnel of the Academy comprise the governors and the senior management team as listed on page 1. The total amount of employee benefits (including employer pension contributions and employer national insurance contributions) received by key management personnel for their services to the Academy was £643,935 (2024 - £935,000).

**(A company limited by guarantee)**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**11. Governors' remuneration and expenses**

One or more governors has been paid remuneration or has received other benefits from an employment with the Academy. The Principal and other staff governors only receive remuneration in respect of services they provide undertaking the roles of Principal and staff members under their contracts of employment. The value of governors' remuneration and other benefits for the period they were governors was as follows:

		<b>2025</b> £	<b>2024</b> £
J Turner (resigned 31 August 2024)	Remuneration		125,000 - 130,000
	Pension contributions paid		30,000 - 35,000
M Bell (resigned 31 December 2023)	Remuneration		15,000 - 20,000
	Pension contributions paid		0 - 5,000
L Sargeant (resigned 01 January 2024)	Remuneration		10,000 - 15,000
	Pension contributions paid		0 - 5,000
D Thompson (resigned 02 October 2025)	Remuneration	0 - 5,000	45,000 - 50,000
	Pension contributions paid	0 - 5,000	10,000 - 15,000

During the year ended 31 August 2025, no governor expenses have been incurred (2024 - £NIL).

**12. Governors' and Officers' insurance**

In accordance with normal commercial practice, the Academy has purchased insurance to protect governors and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business. The insurance provides cover up to £5,000,000 on any one claim and the cost of this insurance is included in the total insurance cost and is not separately identifiable..

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**16. Statement of funds (continued)**

The specific purposes for which the funds are to be applied are as follows:

**Unrestricted Funds:**

General - represents other resources received during the year which may be used towards meeting any of the objects of the Academy at the discretion of the Governors.

Nursery - represents fees received for the community nursery provision. Due to tighter costs controls, the Nursery has ended the year with a small surplus.

**Restricted Funds:**

General Annual Grant (GAG) - represents the annual funding from the DfE to be used to cover the running costs of the Academy.

Pupil Premium - represents funding received from the DfE to be spent on supporting eligible children.

Teacher Pay and Pension Grant - represents funding received from the DfE in relation to teacher pay and pension increases.

Sixth Form Funding - represents funding received from the DfE to be spent on post 16 education.

Other DfE Grants - represents other funding received from the DfE to be spent for specific purposes.

Other Government Grants - represents funding from the Local Authority received for specific purposes.

Nursery - represents funding from the Local Authority for the community nursery provision.

Private Funds - represents other funding to be used for the specific purposes intended, for example school trips and school shop.

Pension Reserve - represents the current balance of the Local Government Pension Scheme (LGPS).

**Restricted Fixed Asset Funds:**

NBV of Fixed Assets - represents the net book value of assets.

ESFA Income - represents funding received from the DfE/ESFA for capital purposes including the annual Devolved Formula Capital grant.

CIF Income - represents the balance of unspent funds relating to the Condition Improvement Fund grant awarded for safeguarding works on the school site. Balance includes the transfer from GAG reserves for the trust's contribution to the project costs.

**Transfers:**

Transfers between funds have been recognised for the acquisition of fixed assets from restricted funds and the balance of funds committed by the academy for the completion of the CIF safeguarding project commenced before the year end.

Under the funding agreement with the Secretary of State, the Academy was not subject to a limit on the amount of GAG it could carry forward at 31 August 2025.

**BRANSTON ACADEMY TRUST**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**23. Pension commitments**

The Academy's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Lincolnshire County Council. Both are multi-employer defined benefit schemes.

The latest actuarial valuation of the TPS related to the period ended 31 March 2020 and of the LGPS 31 March 2022.

Contributions amounting to £117,126 were payable to the schemes at 31 August 2025 (2024 - £153,600) and are included within creditors.

**Teachers' Pension Scheme**

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

**Valuation of the Teachers' Pension Scheme**

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to ensure scheme costs are recognised and managed appropriately and the review specifies the level of future contributions.

Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2020. The valuation report was published by the Department for Education on 27 October 2023, with the SCAPE rate, set by HMT, applying a notional investment return based on 1.7% above the rate of CPI. The key elements of the valuation outcome are:

- Employer contribution rates set at 28.68% of pensionable pay (including a 0.08% administration levy). This is an increase of 5% in employer contributions and the cost control result is such that no change in member benefits is needed.
- Total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £262,000 million and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £222,200 million, giving a notional past service deficit of £39,800 million.

The result of this valuation will be implemented from 1 April 2024. The next valuation result is due to be implemented from 1 April 2027.

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**23. Pension commitments (continued)**

The employer's pension costs paid to TPS in the year amounted to £1,057,286 (2024 - £925,500).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website (<https://www.teacherspensions.co.uk/news/employers/2019/04/teachers-pensions-valuation-report.aspx>).

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The Academy is unable to identify its share of the underlying assets and liabilities of the plan. Accordingly, the Academy has taken advantage of the exemption in FRS 102 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. The Academy has set out above the information available on the scheme.

**Local Government Pension Scheme**

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2025 was £536,000 (2024 - £478,000), of which employer's contributions totalled £437,000 (2024 - £390,000) and employees' contributions totalled £99,000 (2024 - £88,000). The agreed contribution rates for future years are 25.4% for employers and a maximum of 12.5% for employees.

As described in note the LGPS obligation relates to the employees of the Academy, who were the employees transferred as part of the conversion from the maintained school and new employees who were eligible to, and did, join the Scheme in the year. The obligation in respect of employees who transferred on conversion represents their cumulative service at both the predecessor school and the Academy at the balance sheet date.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013 and on 21 July 2022, the Department for Education reaffirmed its commitment to the guarantee, with a parliamentary minute published on [GOV.UK](#).

**Principal actuarial assumptions**

Lincolnshire County Council

	<b>2025</b>	<b>2024</b>
	%	%
Pension Increase Rate (CPI)	<b>2.55</b>	2.80
Salary Increase Rate	<b>3.55</b>	3.80
Discount Rate	<b>6.05</b>	5.10

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement age 65 are:

**23. Pension commitments (continued)**

The amounts recognised in the Statement of financial activities are as follows:

	2025 £	2024 £
Current service cost	(336,000)	(286,000)
Net gain on settlements	-	75,000
Interest income	411,000	364,000
Interest cost	(291,000)	(268,000)
Administrative expenses	-	(2,000)
<b>Total amount recognised in the Statement of financial activities</b>	<b>(216,000)</b>	<b>(117,000)</b>

Changes in the present value of the defined benefit obligations were as follows:

	2025 £	2024 £
<b>At 1 September</b>	<b>5,782,000</b>	<b>5,077,000</b>
Current service cost	336,000	286,000
Interest cost	291,000	268,000
Employee contributions	99,000	88,000
Changes in assumptions	(999,000)	133,000
Benefits paid	(241,000)	(171,000)
Liabilities assumed on settlements	-	101,000
<b>At 31 August</b>	<b>5,268,000</b>	<b>5,782,000</b>

Changes in the fair value of the Academy's share of scheme assets were as follows:

	2025 £	2024 £
<b>At 1 September</b>	<b>7,906,000</b>	<b>6,697,000</b>
Interest income	411,000	364,000
Expected return on assets (excluding net interest)	187,000	364,000
Employer contributions	431,000	390,000
Employee contributions	99,000	88,000
Benefits paid	(241,000)	(171,000)
Settlement prices received	-	176,000
Administrative expenses	-	(2,000)
<b>At 31 August</b>	<b>8,793,000</b>	<b>7,906,000</b>

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**23. Pension commitments (continued)**

As at the 31 August 2025 and at the 31 August 2024, the present value of the defined benefit obligation at the reporting date was valued at less than the fair value of plan assets and therefore the plan has a surplus. In accordance with FRS 102, an entity shall recognise a plan surplus as a defined benefit plan asset only to the extent that it is able to recover the surplus either through reduced contributions in the future or through refunds from the plan.

On the basis that the separate triennial valuation is used to calculate future contribution rates on a different valuation basis there is no realistic expectation that the surplus will be realised or will provide future economic benefit to the trust. As a result the pension asset has not been recognised in the balance sheet of the financial statements. The asset and liability movements as included in the FRS 102 valuation report has been disclosed above for transparency.

**24. Operating lease commitments**

At 31 August 2025 the Academy had commitments to make future minimum lease payments under non-cancellable operating leases as follows:

	<b>2025</b> £	<b>2024</b> £
<b>Amounts payable:</b>		
Not later than 1 year	9,332	424
Later than 1 year and not later than 5 years	27,146	-
	<hr/> <b>36,478</b> <hr/>	<hr/> <b>424</b> <hr/>

**25. Members' liability**

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

---

**BRANSTON ACADEMY TRUST**  
**(A company limited by guarantee)**

---

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2025**

---

**26. Related party transactions**

Owing to the nature of the Academy and the composition of the board of governors being drawn from local public and private sector organisations, transactions may take place with organisations in which the governors have an interest. All transactions involving such organisations are conducted in accordance with the requirements of the Academy Trust Handbook, including notifying the DfE of all transactions made on or after 1 April 2019 and obtaining their approval where required, and with the Academy's financial regulations and normal procurement procedures relating to connected and related party transactions.

Expenditure related party transactions

C Dearden, nephew to D Dearden, a trustee, is employed by the academy trust as an Assistant Gym Manager. C Dearden's appointment was made in open competition and D Dearden was not involved in the decision-making process regarding appointment. C Dearden is paid within the normal pay scale for their role and receives no special treatment as a result of their relationship to a trustee.

Income related party transactions

During the year the academy made sales to Potterhanworth CoE Primary School, of which S Bassett is a common governor/trustee, totaling £1,020 (2024: £Nil). A balance of £Nil was outstanding at the year end.

**27. Agency arrangements**

During the year, the Academy acted as agent in respect of 16-19 Bursary funding received from the ESFA. The Academy received 16-18 Bursary funding of £20,308 and spent £19,936. A total balance of £3,783 (2024 - £10,042) is included within other creditors.
